

Fancy Fabric Gift Bags
Courtesy of Jo-Ann Stores, Inc.

Choose just the right fabric to fit the mood and feel of the gift and occasion and these gift bags become gifts unto themselves!

Making box corners: After sewing side seams and bottom seams of the bag (there may not be a seam if the fabric was folded on one side), follow these steps to make a box corner:

1. With the bag inside out, align the seam of one side with the bottom seam (if there is a fold instead of a seam, finger-press the fold and line it up with the other seam) to make a point.
2. Draw a line across the fold a distance from the point; judge by the size of the corner desired.
3. Sew along the drawn line.
4. Repeat for the other side.
